## Education

### European University of Lefke

B.sc. Software Engineering

2022 - present

## Projects

### Sneakerheads

2023

#### UI/UX Design - Mobile UX

My work involved creating wireframes and interactive prototypes to communicate design concepts, designed high-fidelity mockups and provided design specifications to development team.

### Sigman

2022

#### UI/UX Design - Landing page design

Worked mainly on designing the landing page of the Sigman company to make people get easy access to getting their flight tickets and others.

### Shipto

2021-22

#### Mobile UI/UX Design

My work involved creating wireframes, low-fidelity and interactive prototypes to communicate design concepts, designed high-fidelity mockups and provided design specifications to development team. Also worked closely with the development in creating the codes and figuring out ways to make the designs better.
